## Triumph ParkinGO European Series

The Triumph ParkinGO European Series an exciting new championship on the international scene, allowing riders to compete on Europe's best circuits alongside the stars of the Superbike World Championship.

The Triumph ParkinGO European Series is the result of the cooperation between BEI Racing and the iconic British motorcycle manufacturer Triumph, which will provide 24 of its class-leading Street Triple R motorcycles for the challenge.

Participants can also take advantage of BEI Racing's factory team riders, who will use their expertise to advise participants on the circuits and riding technique, to help them find the most effective racing strategies.

The Triumph ParkinGO European Series truly is a unique experience that gives racers of all levels an opportunity to enter the 2010 Superbike World Championship as competitors.

## MOTORCYCLE

The most fun you can have on two wheels. Triumph's award-winning Street Triple R is the British manufacturer's ultimate streetfighter, powered by a 107cv version of the 675cc liquid-cooled triple.

Weighing just 167kg and with a maximum torque of 69Nm at 9,100rpm, the Street Triple R has a top speed of over 230 kph.

The Street Triple R provides the rider with outstanding feedback and is considered the ideal choice for the Triumph ParkinGO European Series due to its closeness to the Triumph Daytona 675s campaigned by BEI Racing in the Supersport World Championship, and the bike generally regarded as the best supersport class machine available to the public.

The Street Triple R has the added advantage of being extremely easy to handle, due to its wide handlebars and high-specification suspension. Critics are in complete agreement that the Triumph is one of the most exciting bikes in the world and perfect for attacking twisting circuits.

Add in the intoxicating howl of the three cylinder engine and you will discover that everyone is a champion with the Triumph Street Triple R.

championship

## KIT STREET TRIPLE R

The Street Triple R is a very easy motorcycle to ride and can be enjoyed by riders of varying experience. With high-specification radial brake and fully-adjustable suspension, the Triumph delivers outstanding performance in competitive racing.

Bikes for the Triumph ParkinGO European Series are supplied with a full kit that includes racing handlebars and levers, a full three-into-one race exhaust, Bitubo shock absorber and revalved front suspension, frame protectors and race bodywork.

Triumph's philosophy is 'Go Your Own Way' and owners of the British machines generally see their machines as a symbol of individuality. Upon request it is possible to personalise the colours and graphics of your competition Street Triple R, provided the modifications remain within the regulations.

For full technical regulations, please visit [www.parkingoseries.com](http://www.parkingoseries.com)

championship

## PADDOCK E VILLAGE

A welcoming and comfortable hospitality unit is at the competitors' disposal at each round, allowing them to live each racing weekend as a factory superbike rider.

Within the village area, the 4x4m garage areas are shared by two riders and come fully equipped with all the necessary technical equipment. The organisers also provide senior technicians to assist with machine preparation where necessary and to ensure regulations are upheld by all competitors.

A technical and mechanic centre for spare parts is also available in the Village.

EUROPEAN

championship

## RIDERS

The maximum number of riders admitted to the series is 36, including one-event wild-cards.

The official ranking tables will run within the series: the Overall, the Under 20 and the Over 35. The winner of the Overall championship will be the European champion of the Triumph ParkinGO European Series and have the chance to attend the first official world supersport test with the Triumph ParkinGO BEI Racing Factory Team.

The winner of the Under 20 ranking will participate to the first official world supersport test with the Triumph ParkinGO BEI Racing Factory Team. In addition, the top three riders of the Under 20 ranking will be invited to the tests for 2011 Superstock 600 European Championship with Triumph ParkinGO BEI Racing Junior Team.

Riders of any age and experience can participate to the Triumph ParkinGO European Series, provided they hold and UEM license and have starting permission from their national motorcycle federation.
